TO WHOM IT MAY CONCERN:

It's always a pleasure for me to take the time to write a letter of recommendation for a contractor such as Mr. Marshall Ryan, President of (UST) Unified Services of Texas, Inc..

UST demonstrated exemplary performance as a General Contractor and Construction Manager on a very complex project involving the repair and renovation of (4) four 20,000 gallon JP-8 fuel tanks at our Lexington, Oklahoma Army Aviation Support Facility.

On a scale of 1 to 10, UST rates a 9.5. They are a very competitive, experienced, knowledgeable and highly quality conscious contractor. Their business practices exhibit a very high degree of professionalism and ethical standards. Again, it is my pleasure to strongly recommend (UST) Unified Services of Texas.

Sincerely,
